"our mission is to create fresh and enduring proof that **all of our lives are art**. whether we are sharing the small moments, or the milestones of your life, it is in capturing the laughter, love and courage that the true spirit of humanity is revealed. it is our honor to reflect to our community **the beauty we see in you.**"

when you choose **kyle zimmerman photography** you want something fresh. our specialty is **'lifestyle' portraiture** in a comfortable, easy-going environment. we do not rely on backdrops and props to 'set the stage' for your session. we will capture your genuine essence, your child's joy, your husband's love and the beauty of all your relationships. our style is **'photojournalistic' – we tell stories**. our artistic approach includes dynamic cropping, creative angles, nontraditional composition, fluid groupings, expressive, modern poses, detail close-ups, and "heads cut off" to give you a different kind of image.
