

# your ordering session

## please allow up to 2 hours for ordering

for your ordering appointment all of the images from your shoot will be loaded onto a computer. you will be able to view each entire image exactly as it was shot and enlarge them for a closer look. we may show you how some of them might look when adjusted, touched-up or cropped.

### come fully prepared to decide and order

you can increase your discount level on print orders by combining your order with family members. you will receive a complimentary, custom 5x7 print of your choice if you order within 10 days of your shoot (on **print orders** of at least \$100). this is your time to view your shoot on the computer. discounts cannot be carried over to multiple ordering sessions.

### here are some things to think about . . .

#### where do you want art?

are there places in your home or office where you know that you want to hang art? measure those areas, and bring the measurements with you. do you have ready-made frames you have wanted to put a new picture in? what are their sizes?

#### who would like pictures?

immediate family? grandparents? friends?  
are there birthdays or holidays for which you will want presents?

#### make a list and bring it with you!

### we are happy to consult with you about your many options

from framed prints, box mounting, custom archival storybooks or greeting cards to artistic installations appropriate to your lifestyle and decor. if you already have a special purpose in mind for your pictures . . . we can help you make it happen!
